

Christ Cares for Princeton is here to help with specific benevolent needs of those living within the boundaries served by the [Princeton Independent School District](#) . That means our assistance reaches out to people living in an area nearly sixty-four square miles in size. We are unable to provide help to those living outside this service area. Additionally, we are only able to supplement the resources a family may already have in providing their own needs.

You may apply for food pantry assistance if the following conditions are met at the time of your application:

- You are 18 years or older
- You permanently reside in Princeton, TX or within the [Princeton Independent School District](#) boundary
- You have a current TX driver's license or TX issued ID showing a permanent residence within our service area (See the "State Issued ID info" link in the Resource section on the Home page)
- No one else is already receiving assistance at your address
